GRUPO DE INVERSIONES SURAMERICANA S.A.

MAIN LEGAL REPRESENTATIVE:
RICARDO JARAMILLO MEJÍA

**LEGAL REPRESENTATIVE APPOINTED FOR SUBMITTING THIS
IMPLEMENTATION REPORT:**
JUAN LUIS MÚNERA GÓMEZ

REPORTING PERIOD:
JANUARY - DECEMBER 2025

DATE: JANUARY 29, 2026

INTRODUCTION

The implementation status of the recommendations contained in the new Colombian Code of Best Corporate Practices must be reported by issuers to the Superintendencia Financiera de Colombia (Colombian Superintendency of Finance) by means of this Report on the Implementation of Best Corporate Practices.

The purpose of this report is to inform the securities market whether each issuer is implementing or failing to implement the recommendations contained in the aforementioned Code. For this purpose, there are three boxes assigned to each recommendation corresponding to YES, NO and N/A., as well as a space for supplementing the Issuer's response:

Should the answer be "Yes", the issuer should briefly describe how the implementation has been carried out. Conversely, if the response is "No", then the issuer must explain the reasons why the corresponding recommendation has not been adopted.

The issuer can only provide a N/A response in the event that for legal reasons it is not possible for the corresponding recommendation to be adopted. In this case, the rule or regulation that gives rise to this situation must be precisely stated.

Given that some recommendations are made up of a series of specific aspects, it is important to underscore that these shall only be understood to have been implemented if all the component aspects are duly complied with, unless there is a legal reason for not adopting some of these, which in this case should be clearly stated.

Each recommendation is accompanied by a box to indicate the date on which it was first implemented by the issuer. There is also a box to record the dates on which the recommendation was revised.

Finally, when due to its particular nature the issuer does not have the specific governing body referred to in the recommendation, it shall be understood that this recommendation refers to the body that is either the equivalent or acts in its stead

YES. Please provide a brief description: The Best Corporate Practices - Country Code - Survey (<i>Código Pais</i> in Spanish) has considered appropriate the setting up of three (3) Committees, in addition to the Audit Committee, namely the Appointment and Remuneration Committee, the Risk Committee and the Corporate Governance Committee. For cases in which the Company does not set up "all of these committees", the Measure also establishes that the functions of such committees can be validly "redistributed among those that already exist (...)". In the case of Grupo SURA, the Board of Directors has the following Support Committees, in addition to the Audit and Finance Committee: (i) the Risk Committee, (ii) the Remuneration Committee and (iii) the Sustainability and Corporate Governance Committee. In these 4 committees, the Company has effectively distributed the functions provided by the aforementioned Country Code to the Appointments and Remuneration Committee in Measure 18.22, this as follows: (i) the functions associated with appointments are assigned to

the Sustainability and Corporate Governance Committee and (ii) the functions associated with remuneration are the responsibility of the Remuneration Committee. Therefore, although the Company does not have exactly the committees provided for in the Country Code, since it does not have an Appointments and Remuneration Committee, the functions are duly assigned to the Company's committees, specifically the Sustainability and Corporate Governance Committee and the Remuneration Committee, as explained in the preceding paragraphs.
